VADM V. P. de Poix, USN  
Director  
Defense Intelligence Agency  
Washington, D. C. 20301

Dear Admiral de Poix:

Attached is a list of analysts who have been doing community-related work in CIA and a note from Ed Proctor concerning their availability. If you have any interest in my previous suggestion that some of this analytical help could be made available to DIA on a reimbursable basis (with their slots carried out here at CIA), you might want someone to look these people over. Proctor has asked me to insure that these individuals are not approached directly without his cognizance.

I don't know any of these analysts and cannot vouch for them as I did for [redacted] With regard to these last three men, if you are not interested in getting them over on a reimbursable basis, I intend to pick up one of them in the IC Staff (either [redacted])

Incidentally, I reconfirmed with Bill Colby his support of maintaining some of these slots so that you could have them on a reimbursable basis.

Very respectfully,

SIGNED

Deputy to the DCI for the
